The 7th Asia Pacific Conference on Optics Manufacture (APCOM2020), which will be held from 12-15 July, 2020 in Chengdu, China. APCOM 2020 is designed to address interest and expertise of industrial, academic, and government organizations on how to overcome existing manufacturing limits, essential issues in design, manufacturing, measurement, extreme manufacturing approaches, and related topics.

Topics of interest include but are not limited to

- Optics Material Interactions with Energy Beams and Fields
- Approaches and Theories of Processing Optical Components
- Metrology and Characterization for Optics Manufacturing
- Equipment and Systems for Optics Manufacturing
- Generating Extreme Light Conditions
